Passionate web developer with expertise in building dynamic and responsive applications using modern technologies like React , Nodejs , MongoDB. A quick learner and collaborative team player, I am driven by a passion for clean code and innovative solutions.

## Projects

### Forever - Ecommerce Website

Tech stack : MongoDB, React , Express , Nodejs, Tailwind css

- Developed and deployed an e-commerce website using the MERN stack that offers a seamless shopping experience with effective features.
- Implemented secure user authentication and authorization using JWT.
- Built an admin panel to manage products, including features to add, update, and delete products.

### AI Content Generation

Tech stack : Nextjs, PostgreSQL, Clerk, Gemini AI

- Developed a cutting-edge AI-powered content generation platform using Next.js for seamless web application performance and integrated Clerk for user authentication.
- Utilized PostgreSQL to manage user and content data efficiently, and incorporated the Gemini AI model to dynamically generate rich-text content based on user-defined templates and prompts.

### Sidcup Golfclub Clone

Tech stack : Html , CSS , Javascript , GSAP

- Developed a clone of the award winning Sidcup Golf Club website using Html , CSS and Javascript.
- Also, used GSAP for smooth animations and transitions.
